Lady Panther Softball Team:

What do you do with Play-Doh? You shape it and enjoy it. The Bible says that you are God's Play-Doh. "*Yet, O LORD, you are our Father. We are the clay; you are the potter; we are all the work of your hand*" (Isaiah 64:8). God desires to shape you and bring joy to your life. His fashioning begins in your heart.

A heart of clay is a heart of humility, one that is soft and malleable in the hands of the potter. *Humility* and *humanity* come from the same Latin root word, *humus*, meaning "from the ground." By the way, that's what *Adam* means. God picked up the dust from the ground and breathed life into the first man.

Tonight, may you be God's Play-Doh—continually shaped by Him and enjoying every moment. As he breathes life and joy into you, humbly relish in the fact that you are His and that you have each other for eternity. In fact, you can even do a little shaping of your own with your teammates.

Love,
24's Mom and Dad
